

# Home Learning Guide: Seesaw

Seesaw is an online collaborative working environment for teachers and pupils. Class teachers each have a virtual classroom and are able to provide pupils with a unique code to allow them to access their page. In the classroom, teachers will set learning tasks, which will need to be completed each week. Teachers may also provide additional ideas for learning at home, which the children can choose to do throughout the week.

## Accessing Seesaw

- 1) Open up a webpage and search for 'Seesaw' or use the following link:  
<https://web.seesaw.me>
- 2) In the top-right hand corner of the screen, click **Log In**
- 3) On the next screen select **I'm a Student**

- 4) In the box that says 'TEXT CODE' enter the code that your child's class teacher provided for you on Class Dojo then click **Go**
